

Safeguarding Report for the Annual Parochial church meeting. 2024

Safeguarding is extremely important and is an agenda item at each PCC meeting.

All Church officers and also those with contact with children or vulnerable adults need a DBS assessment. They also need Safeguarding training. There are 3 on-line courses to complete and Authorised Lay ministers need the Leadership module too.

Barbara Bussey from Willingham is our Safeguarding Officer and DBS accessor.

She informs us of relevant training and DBS that is necessary.

The Parish Safeguarding Dashboard (on-line) is an indicator telling us where we are in the compliance of Safeguarding regulations etc. This is administered by Karen Baty and over- seen by Barbara Bussey. This dashboard was adopted by PCC in March 2023 and is on- going.

Our Church has progressed to stage two of the Dashboard.

We should all be aware of any Safeguarding issues encountered and contact our Safeguarding Officer.

Karen Baty
